

# Parsons Steel Erectors

[Parsons Steel Erectors, Inc.](#) of Tucson was established in 1972 and has played a major role in the growth of Arizona, completing more than 4,000 projects.

The company started erecting structural steel for local fabricators and in 1983 began the fabrication portion of the business.

The AISC certified fabricators and erectors of Parsons Steel Erectors count among their project the scoreboard at Arizona Stadium at the University of Arizona and the scoreboard at America West Arena, now US Airways Center. Other notable projects include the University of Arizona Life Science building, the Tucson Medical Center parking garage and the Stuart Observatory on Mt. Graham.

Parsons Steel Erectors is a signatory partner of Ironworkers Local 75.
